Customize this letter to tell your MP why a national accessibility law is important to you

Dear (name of MP),

I am pleased that the Government of Canada is committed to making Canada accessible and inclusive for people with disabilities. I am writing to ask you to support the federal accessibility bill when it is tabled by the Hon. Kirsty Duncan, Minister of Sport and Persons with Disabilities.

This legislation is important to me because Canadians who have speech, language and communication disabilities face ongoing, persistent and daily barriers to goods, services and opportunities in their lives.

We deserve nothing less than a national accessibility law that will make goods, services and opportunities accessible for people with disabilities. The Government of Canada must lead the way by passing this significant human rights legislation.
